TWICE THE VIDEO QUALITY
TWICE THE WARRANTY

1080P TRUE HD
At PRO-VISION®, HD means High-Definition video in 1080p resolution. That’s 225% greater resolution than systems with 720p HD cameras. The PRO-VISION® HD In-Car Video System is the only full 1080p HD system covering 360 degrees with up to five cameras.

GUARANTEED RELIABLE
No other company in the industry provides a more inclusive, longer-lasting warranty. Our 5-YEAR System Warranty and LIFETIME Cable and SDXC Card Warranty cover you no matter who installed it.

*To customers outside the U.S. & Canada, certain restrictions and limitations apply.
HIGH-DEFINITION SYSTEM

DIID YOU KNOW?

• PRO-VISION® products feature Pre-Installation Reports, which provide a quick status report of the system to the installer and management.
• PRO-VISION® works with all vehicle manufacturers and with virtually any mounting location on your vehicle.

LIFETIME CUSTOMER SUPPORT

Available at no additional cost, PRO-VISION® takes pride in providing the highest level of customer service & technical support,-existent from our US headquarters.

FACTORY INSTALLATION

PRO-VISION® systems are simple by design, but few companies have the time and resources to do it right. That’s why our PRO-VISION® sales staff are trained to install your on-site installation.

360º 1080p COVERAGE

Designed to provide an uninterrupted 360º view to activate your vehicle with full HD video. This camera is capable of recording ultra-clear images, ensuring your system is future-ready for years of vehicle service.

FUTURE READY

With continuous updates of DVR and desktop software features, the PRO-VISION® HD In-Car Video System makes it easy to install, use, and maintain. The high dynamic range technology allows the system to capture two high-quality images in any lighting condition.

OUTFIT ANY VEHICLE

No longer do you have to perform time-consuming system changes upon each new vehicle. The PRO-VISION® HD In-Car Video System features hardware integrations allowing you to fully utilize the vehicle’s PA/Dashcam or HD camera.

SYSTEM HEALTH MONITORING

Engineered, designed and tested by the PRO-VISION® in-house engineering team, your PRO-VISION® HD In-Car Video System includes an integrated self-check, which monitors and enhances the system, offering automatic software updates, maintaining your video system’s health status.

IN-HOUSE ENGINEERING

Unlike buggy cables featured in other in-car video systems, the PRO-VISION® HD In-Car Video System features built-in Wi-Fi that allows video files and multimedia to be transferred directly to your mobile device, or ensuring you will not lose crucial video evidence.

UNOBSERVED VIEW

The PRO-VISION® HD In-Car Video System allows you to cover every inch of your vehicle, including the interior, from the back of the cab to the bed, and the entire field of view is available to your viewers.

EVIDENCE MANAGEMENT

Whether it’s from the field or the office, Securrable® Evidence-based event triggering allows your officers to store simple log events from multiple PRO-VISION® camera streams, saving time and ensuring accuracy in evidence reporting.
