ALL AT 1/2 THE PRICE OF OTHER BRANDS

...yes, you read that correctly

1080P TRUE HD

At PRO-VISION®, HD means High Definition video with 1080p resolution, six times the quality of Standard Definition and more than twice the quality of 720p HD cameras. The PRO-VISION® HD In-Car Video System is the only 8-camera 1080p HD system designed for law enforcement.

GUARANTEED RELIABLE

No other company in the industry provides a more inclusive, longer-lasting warranty. Our 5-YEAR System Warranty and LIFETIME Cable and SDXC Card Warranty cover you no matter who installed it.

*To customers outside the U.S. & Canada certain restrictions and limitations apply
DID YOU KNOW?

- To keep up with the demanding growth of mobile HD DVR, PRO-VISION® provides the latest advances in technology, ensuring your system is ready for years of reliable service.
- Unlike bulky cameras featured in other in-car video systems, the PRO-VISION® HD in-car video system is built to adapt to the environment, featuring a rugged solid-state design and enhanced by the people who know the products inside and out.

**HIGH-DEFINITION SYSTEM**

**QUICK FACTS**

- **8 CHANNELS OF TRUE HIGH-DEFINITION VIDEO**: The PRO-VISION® HD In-Car Video System provides complete audio coverage in and around your vehicles with an integrated wireless microphone system and noise-canceling microphones built into each camera. The PRO-VISION® HD In-Car Video System provides complete audio coverage in any vehicle or environment.
- **UNOBLITERATED VIEW**: Unlike busy cameras featured in other in-car video systems, the PRO-VISION® HD In-Car Video System utilizes a compact forward-facing camera that allows you to maintain your focus on the road without obstructing your view of the road.
- **1080p TRUE HD VIDEO QUALITY**: The PRO-VISION® HD In-Car Video System is built to provide an unmatched 360° view of your environment with 1080p True High-Definition coverage. Unlike 720p HD cameras, the PRO-VISION® HD In-Car Video System captures crucial video from other systems that can’t.
- **RUGGED SOLID-STATE DESIGN**: The PRO-VISION® HD In-Car Video System features built-in Wi-Fi that allows video files to be automatically uploaded to your desired evidence management solution when your vehicle pulls within range of a wireless network, eliminating the need to remove a storage device to retrieve your files. Solid-State Design means NO moving parts or the failures that come with them, making PRO-VISION® more rugged and reliable than any hard drive system available. With SAE-J1455 vibration and shock rating, the PRO-VISION® HD In-Car Video System is built to perform in the harshest conditions.
- **SECURAMAX™ SECURE DIGITAL MANAGEMENT SOLUTION**: SecuraMax™ by PRO-VISION® is designed to address video management challenges with a secure, automated, turn-key digital management solution that will handle the influx of video evidence data and bypass the growing pains of integrating new technology.
- **INDUSTRY-LEADING COMPUTER INTEGRATION**: Give your officers the ease-of-use they need to be up and running faster and cheaper than any contractor or by doing it yourself. With the included PRO-VISION® video playback software, you can monitor and even record incident audio files and video files using your computer, assistant or notebook and download to portable hard drive or back up a copy in a snap.
- **5-YEAR SYSTEM WARRANTY**: The PRO-VISION® HD In-Car Video System is built to provide an unmatched 360° view of your environment with 1080p True High-Definition coverage. Unlike 720p HD cameras, the PRO-VISION® HD In-Car Video System captures crucial video from other systems that can’t.
- **UNBROKEN RECORDING**: The PRO-VISION® HD In-Car Video System is built to provide an unmatched 360° view of your environment with 1080p True High-Definition coverage. Unlike 720p HD cameras, the PRO-VISION® HD In-Car Video System captures crucial video from other systems that can’t.
- **EVENT RECORDING**: The system features a compact 8-camera High-Definition video with 1080p resolution that ensures all of your vehicles pull within range of a wireless network.
- **800.576.1126**: Call us now to get started! We’re here to help you apply this technology to your environment.

**ENGINEERING**

Engineered, designed and built by the PRO-VISION® in-house engineering team, PRO-VISION® systems are designed and built utilizing the highest quality materials and specifications. The PRO-VISION® in-house engineering team is dedicated to providing the highest quality systems and keeping pace with the industry’s needs.

**FACTORY INSTALLATION**

The PRO-VISION® HD In-Car Video System is built to provide an unmatched 360° view of your environment with 1080p True High-Definition coverage. Unlike 720p HD cameras, the PRO-VISION® HD In-Car Video System captures crucial video from other systems that can’t.

**360 HD COVERAGE**

With continuous updates of DVRs and desktop software features, the PRO-VISION® HD In-Car Video System is built to adapt to the environment, utilizing a technology ensuring your system is ready for years of reliable service.
